Holistic, Integrated ERP Solution

Tried, Tested Best Practices & Templates for Successful Impls

Better Integrated SAP Solutions in Disparate IT Landscape

Cost Effectiveness, Quicker Time to Market,

Key Engagements

E2E Implementation for a Chemicals Major

The client, a chemicals major trades fertilizers, chemicals and other agricultural products. Implemented modules include FI/CO, Materials Management (MM), and Plant Maintenance (PM). Ananth rendered services executing the entire end to end implementation project ensuring the client a 360-degree view of its overall processes. This integrated SAP landscape greatly streamlined the organizations financial processes.

Enhancing Key Business Processes at an MNC

SAP HCM and FI/CO implementation for a global MNC. Ananth consultants leveraging in-depth industry insights integrated key business processes with the implementations of financial modules of General Ledger Accounting, Budgeting and Control, Asset Management, Cost and Profitability Management empowering the firm to better manage their organization's finances.

Better Financial Controls at a University

End to end implementation of SAP FI/CO, HCM and SLCM, for a higher education institution with over ten thousand student community, teaching and support staff.

The project involved transitioning from semi-manual 'excel' based financial system to the SAP automated platform. The entire spectrum of activities for the student lifecycle management, human resource management and the financial system were enabled leading to enhanced staff productivity and student satisfaction.
